Good Morning Residents,

The City is responsible for billing residents for utility services and sends a postcard to each location towards the end of the month for the bill to be paid by the 10th day of the following month. If a resident fails to pay by the 15th day of that month our billing clerk will send you another postcard as a late notice. Before cut-offs, we have called people (though we're going to stop calling homes about late notices). Having said that, one thing that the City Administration will NOT do is send an email to anyone who has not paid their utility bill. Any email about your utility bill seems suspicious and should be treated that way. The City values your time and money and we want to make sure you're not taken advantage of by someone who is trying to bill you. If you ever have any questions about your bill, feel free to contact the office and we'll make sure that you get all the information about your account in a secure and timely manner. Thank you.
